

# SAMIKSHA PANSARE

## PROFILE

I am a self-taught developer/programmer with a strong eye for innovation and a person with creative yet logical mindset

## PROJECTS

### Live Weather App:

<https://samiksha-pansare.github.io/TemperatureApp/>  
Jun 2021

I have made this app as a personal project to learn more about API and react. You just have to enter the city's name and you get its temperature

### Updating Gen-Z:

<https://updatinggenz.pythonanywhere.com/>  
Mar 2021 – Apr 2021

Application is targeted towards creating awareness among such young generation that is GEN Z. We provide top stories and news going around the world within the last 24 hours at a single click, some quizzes to stay up to date ,to-do list for staying organized
